Flexibility

Learn at your own pace with flexible, self-directed modules.

Community

Supportive community of like minded business owners

Starting a small business is exciting—but it can also be overwhelming. From structure and compliance to planning, mindset and finances, there's a lot to figure out.

Up to 60% of small businesses fail within their first three years—often due to poor planning, financial blind spots, or burnout.

The Start Right SME Business Academy helps you avoid the common traps by giving you the knowledge and support to launch and grow with purpose.

The Start Right SME Business Academy is a practical online program and business community for people starting or growing a small business.

It gives you the clarity, tools, and support to build strong foundations and move forward with confidence.
